The challess of the Munsey Historic Tour president of the Ohio Motor Car Company and the third, nominated by the Maxwell-Briscoe Motor Company, and the third, nominated by L. E. Lambert, of Baltimore, must be reckoned with by every contender, for these cars have established their power of endurance and hability meritally every contest in which they have competed.

Mr. Lambert has not only been successful in a general way with the Maxwell cars, the won his class and troops in hist year's Munsey Tour. He wanted another big endurance laured to any extent by a feet of the Ohio Motor Car Company, who was at headquarters, at once called his factory on the long-disc Georgetown University, presided over by the Key. Pather Francis A. Torn-dot factory on the long-disc Georgetown University, presided over by the Key. Pather Francis A. Torn-dot factory on the long-disc Georgetown University, presided over by the Key. Pather Francis A. Torn-dot factory on the long-disc Georgetown University, presided over by the Mexicology of the Georgetown University, presided over by the Maxwell car will be thoroughly tested at once and shipped to ing these facts:

The car which holds this position must be an exceptionally able machine, but he won his class and trooping A street is the last man to leave the checking station, and must be at the night control early.

Joseph Sontag, one of the ablest drivent with the Maxwell cars. He droven the wheel of Maxwell cars. He droven the second national Munsey connections and hid rilms at the wheel, will prove the desturbance was recorded at the observatory of the doctor. Father Torndorf gave out an official by the key. Pather Francis A. Torn-doctor the proving A special car will be thoroughly tested at once and shipped to help the thory out the checking station, and must be at the night control of the checking station, and must be at the might control of the doctor. The disturbance was recorded at the observatory of the decord received in pany, who was at headquarters on Monday.

Mrs. Crowell Describes the Everything Is in Readiness Mysterious Slate-Writing Episode.

(Continued from First Page.)

see that everything was conducted well the estate as he did not remember whether he had made a will or not. He told me all this and then he tried to

"In fact he did write it and then read it to me afterward. That is how I know so well what was on the paper. Before he died he placed the paper in his pocket—he was fully dressed—and I did not see it again until about ten days later.

Paper Found In Coat.

"Then, after the body had been taken egan to look for it. After searching on when he died—it had slipped down there after he had put it in his pocket. Picking it *p I tried to read it, but, even though I knew pretty well all that was on it. I could not make out but parts of the scrawl. Alm st unconsciously I put it in my pecket book and forgot it until three days later, when I went to Mr. Keeler's to ask him to help me find a watch I had lost.

"As I was leaving the house after he had told me where the watch was—and I found it there, too—my hand hap— Picking it sp I tried to reas it, but, even though I knew preity veil all that was an it, I could not make out but parts of the scrawl. Alm st unconsciously I put it in my pecket book and forgot it until three days later, when I went to Mr. Keeter's to ask him to help me find a watch I had lost.

"As I was leaving the house after he had told me where the watch washand I found it there, too—my hand happened to strike this paper in my bag, and I thought of asking him to transtitudary that the all of the spirits, particularly that the said that he would so into a sort of trance are write backward on the slate as he usually did. But he said, that he did not want to do that this time, that some people said that there was fraud in that method of writing, and he did not want to do do writing, and he did not want any one to say that about any of his dealings with his old friend.

Pencil Between Slates.

"So he took two slates and a piece of slate pencil about an inch long and placed the pencil upright between the slates. He then took one corner of the slates and I another, and ne called upon the spirit of my husband to come and transcribe the writing on the paper.

"Slowly the upper slate began to move, and we could hear the scratch, where the was fraud in the move, and we could hear the scratch.

"So where the was fraud in that makes life a torment to hay fever sufferes! This year, don't go to the mountains or the spectage.)

Better Than Moving Picture Theaters

Have You \$100 to \$1,000 to Invest?

Rare Chance to Share With Us Big Profits in a Nice, Clean Business

HE Capital Film Co. offers not more than \$5,000 of its shares. The business is manufacturing moving picture films, and is vastly more profitable than the moving picture theater end of the business.

Factory and studio completely equipped and in opera-

tion. Only a few days to take advantage of this opportunity. Profits in this business are big. There is in sight business larger than we can take care of. All money to be used exclusively for the development of this business. Stock offered is treasury stock. No high salaried officers. Business economically conducted.

This Stock, When Business Is Extended, Should Pay Not Less Than 10% Each Three Months

HEYBURN STIRS TALK BY HALTING "DIXIE"

Senator Stops Orchestra at Republican Reception Held in

Seattle.

SEATTLE, Wash., Aug. 13.-Senator W. B. Heyburn, of Idaho, who objected to the installation of the statue of Robert E. Lee in Statuary Hall at the Capitol, is the subject of much talk

He stopped an orchestra while that body was playing "Dixie," at a recep-tion given last night to Representative

T. R. Hamer, at Wallace, Idaho.
As the musicians began the popular strains the Senator jumped to his feet

"Here, none of that sort of music here; this is a Republican meeting." Of course the orchestra ceased play-ing, and for a few minutes there was an embarrassing silence. A moment later Mayor Hanson arose and closed
